Burlington, VT 05405

To: U.S. Customs and Border Patrol official,

The international VitiNord 2022 conference will be held at the Hilton Hotel in Burlington, VT from 4-7 December, 2022. <http://vitinord.org/> As Chairman of the VitiNord conference, I wanted to make you aware that several of our international wine industry participants will be bringing their wine to present at the educational events of the conference. The international wine tasting event occurs on 6 December. At this event, each winemaker will pour small samples of their wines for conference attendees. The attendees can ask questions and learn about what techniques were used in producing each wine. It is a great educational experience for our attendees.

Please take this into account when the wine is presented for your inspection. It is for educational use, not resale or gross consumption.

Thank you.

Terence Bradshaw, Ph.D
Asst Professor, Plant & Soil Science
Tree Fruit & Viticulture Specialist
Director, UVM Horticulture Research & Education Center
VitiNord 2022 conference Chairman
